SELF MARSHALLING

Self-marshalling, as it implies, is a system of marshalling whereby swimmers are responsible for being in position behind their lane in time for the Referee's whistle to start a heat.

- For this Championships, heats are self-marshalled and finals are marshalled in the traditional manner.
- Before entering the self-marshalling area it is necessary to know which event, heat and lane you are entered in. Swimmers will often have their event numbers, heat numbers and lane numbers written on their arm or leg. At the Help Desk, or near the marshalling area there will be a programme displayed for you to check when you are to race. The Help Desk officials can answer your questions and help you find the details of your event. The Check Starters all have programmes you can check as well.
- To avoid congestion in the marshalling area it is requested that swimmers assemble:
 - 8 heats prior for 50m events,
 - 3 heats prior for 100m and 200m events,
 - 2 heats prior for 400m events,
 - 1 heat prior for 800m and 1500m events.
- If you are entered in the first few heats of the session you need to be in the marshalling area 10 minutes before racing is to commence to ensure a prompt start to the session.
- The Announcer will announce every heat after the swimmers have entered the water.
- There may be a marshalling board indicating which event is currently in the water, if the pool does not have a scoreboard showing the current event and heat.
- To help you know when to make your way to the marshalling area it may be helpful to mark in your programme when you need to make your way there.
- It is your responsibility to be aware of what heat is behind the starting blocks, and to listen to the Check Starter in the marshalling area who will indicate when to move onto the pool deck. Check Starters on pool deck will observe the swimmers moving to their positions at the blocks but will only interact with them if they appear to be in the incorrect lane, are not wearing their club cap or other unusual situations occur. The exception to this is for swimmers in Multi-Class events, when the Check Starters will offer more assistance.
- If you miss your heat you need to immediately notify the Help Desk or a Check Starter who will let the Referee know. If possible a place will be found in a spare lane in the last heat of the event. It is the Referee's decision as to whether the swimmer will swim.
- Events of 400m and over require swimmers (or their Coach/Team Manager) to confirm their intent to swim. This must be completed at the Help Desk, a minimum of one hour prior to the published start time of the relevant event. Failure to confirm their intention to swim will be taken as a withdrawal. Confirmed swimmers must then follow the self-marshalling procedures. If the number of withdrawals causes the event to be reseeded, swimmers will be notified by the Announcer, after the reseeding has been done, to go to the Help Desk to check their new heat and lane allocations. The Check Starters will have the new allocations as well.

When a meet has heats and finals, self-marshalling is used for the heats and traditional marshalling is used for the finals.

- When marshalling for finals the Finalists and Reserves present themselves in the marshalling area and have their names checked off. If a Finalist is absent then a Reserve is placed in the final.
- A Check Starter will guide the swimmers onto the pool deck.
